

Every Shelby Cobra features official Cobra emblems, windshield, seats, carpeting classic instrumentation, and a Serial Number Dash Plaque engraved with Carroll Shelby's signature. You can choose an aluminum body or opt for a hand laid fiberglass body molded directly from the aluminum Shelby Cobra.

In addition, a number of options are available, including leather upholstery and instrument panel. You can also select from several performance upgrades that can be added at your discretion. Shelby Cars NW can help you with the planning and selection of these and any other finishing touches you may wish to consider.

Contact Shelby Cars NW at 888-SHELBYGT (888-743-5294), or visit our website www.shelby-cars.com to learn more.

All CSX series Shelby Cobras are sold without an engine or transmission installed. CSX4000 series Cobras are configured to accept Ford "FE" series engine blocks. CSX7000 and CSX8000 series Cobras are configured for Ford Windsor blocks. Recommended transmissions include both the original Toploader, and the Tremec TKO series. We offer a wide choice of options. Ask us for power train specifications.
